## PRETTY GIRL A SUICIDE?

Sadie Carlton Found  
Dead with Gas  
Turned On.

The Brooklyn police are investigating the mysterious death of Sadie Carlton, a pretty young woman, who boarded at No. 15 Concord street. Miss Carlton was found dead in her bed today with the gas turned on in her room. On a chair was an alarm clock set for 6 o'clock, and a newspaper was on the bed by her side. She was lying across the bed partly dressed. The young woman had boarded at the house for four years. She had a position in a tin factory at York and Adams street, and was always punctual in her habits. She was a member of St. James's Pro-Cathedral on Jay street, and was very religious. The landlady smelled gas this morning.

ing and broke into the girl's room—a hall bedroom on the second floor. Miss Carlton had evidently been dead for some hours. The landlady said it was the usual custom of the young woman to leave her room in the evening a few minutes before 11 o'clock. Last night no one in the house heard her come in, and it is believed that it was late when she returned. It is thought that, knowing she had to arise early, she lay on the bed with most of her clothes on. The boarders at the house say she had no close friends. She did not go to many places of amusement. She was cheerful in disposition, and at the supper table last night seemed to be in the best of spirits.

## MRS. GILLIG COMING HOME.

Wife of Jackson Gourmand Will Return Next Month. Mrs. H. M. Gillig, who was married to her third husband, Jackson Gourmand, a song writer, in London two weeks ago, is expected by her mother, Mrs. E. B. Crocker, of No. 102 East Thirty-fifth street, to return to this country about the middle of next month. Her husband will accompany her. Mrs. Gourmand's first husband was R. Porter Ashe, of California, with whom she eloped. She next married Henry M. Gillig, from whom she secured a divorce last December.

## Blue Serge Suits, 7.50 Mixed Tweed Suits, 10.00

There's the story in a nutshell, but we want to supplement it with a few remarks about the making of the suits, just to make your interest keener. They have been made in our workshops by union men. In the inside pocket of every coat is a label that proclaims this. It is the union label, the stamp of quality, the symbol of fair merchandise and the emblem of good workmanship.

As the suits are of our own make you buy direct from us, the makers, and thus actually save all the middlemen's profits. You get better quality at lower prices. Let us prove it to you.
